Tolulope Joshua Babatunde

Software Engineer

✉ babtol235@gmail.com ☎ +2347041147115 📍 39, Ondo Street, Bodija, 20001 Ibadan

Education

B.Tech in Physics   Jan 2010 - Jan 2015
Federal University of Technology, Akure, Akure

Employment

Freelance Developer   Apr 2020 - Present
Fiverr, Fiverr.com

- Analysed user needs and proposed design software solutions to meet them.
- Designed a complete web application, using Nodejs for the backend api and ejs view engine, for a non-profit organization that uses session-based authentication, used to save and retrieve text and pdf documents stored in amazon AWS S3 and data in mongodb collections.
- Designed a fashion store (e-commerce) for a local business that uses react frontend with advanced css styling and firebase realtime database for the store and order data.
- Developed an android quiz application with beautifully designed UI implemented in Android studio using the Android SDK interface with native java and published it on Google play store.

Profile

Hard-working web developer with a flair for creating elegant solutions in the least amount of time. Developed an ecommerce webapp, an inventory store api, online bookstore website, and ios/android app for a not-for-profit organization. Passionate about software architecture and cloud computing. Regular attendee of web developer meetups and hackathons.

Courses
